Day License	<i>Club members without an NZDRA license</i>	\$30.00	
	<i>Have a Go</i>	\$30.00	
Club Membership Required for Street & Bike		\$40.00	

Racer Responsibilities:

Volunteering

Racers attending a Southern Dragways run race meeting can expect to be asked to assist with the running of the meeting. You may be asked to assist with entries, track set up, pack up and various other tasks during the day. You will be supported in any job or task you are asked to fulfill.

Should we not have enough volunteers to fill the jobs required to run a race meet, we will not be able to race. Please think of assisting on the day as a normal requirement of racing.

Practice Launches

In the 2018/19 race season we are continuing with practice launches for club members whose cars are faster than 11.99 who have DOT approved drag tires, e.g. Quick Time Pro or ET Streets.

Cars start from a car length back from the start line to practice launch but be off the throttle by Xmas tree, then reverse up to the start line again.

If you meet the criteria above and are attempting a practice launch, at **no time** are the wheels to spin while vehicle is **stationary** (foot braked or line lock) as it **will** damage the track surface.

Practice launches will not be available to Have a Go racers at all.

If you do not fit the other criteria above and you attempt a practice launch, you will not be able to continue to race at the days meet and may be subject to further disciplinary procedures as deemed fit by Southern Dragways.

If you do fit the criteria above attempt a practice launch and allow your tires to grip, potentially causing damage to the track, you will be unable to continue to race at the days meet, will be subject to a 5 meet ban, therefore exempting yourself from any point score opportunities.

Should this be the case and you cause any damage to the track you may be held liable for the cost of damages.

By signing the dated box below for each meet, you are agreeing to the terms and conditions as listed above.
